A. General

The Company operates under the name "Motherson Air Travel Agency GmbH". The Company's registered offices are located in Bruchköbel. The company is registered with the Hanau commercial register under HRB 98727.

The annual financial statements as of 31st of December 2022 were prepared in accordance with the accounting provisions of the HGB ["Handelsgesetzbuch": German Commercial Code] and the supplementary provisions of the GmbHG ["Gesetz betreffend die Gesellschaften mit beschränkter Haftung": German Limited Liability Companies Act]. The income statement was classified using the nature of expense method, as in the prior year.

The Company is subject to the requirements for small-sized corporations as defined by Sec. 267 (2) HGB. The Company makes use of the size-related exemptions of Sec. 288 (2) HGB.

The Company signed a purchase agreement with regard to the sale of the business operations in Bad Dürkheim in previous year. The transfer of assets took place on 31st of May 2021.

As of the balance sheet date, the company is over-indebted at around EUR 245 k. Irrespective of the existing hidden reserves in the existing assets, the sole shareholder has agreed a qualified subordination with the company on a loan claim in the amount of EUR 418 k.

B. Recognition and measurement policies

The recognition and measurement policies remained unchanged on the prior year.

Intangible assets as well as **property, plant and equipment** were recognized at acquisition cost and written down over their estimated useful life using the straight-line method. Depreciation is recorded proportionately in the year of acquisition. The remaining useful lives range between 1 and 10 years. Production costs of internally constructed property, plant and equipment do not contain borrowing costs.

Low-value assets as defined by income tax regulations are fully depreciated or expensed in the year of acquisition. Additions to property, plant and equipment are otherwise depreciated on a pro rata temporis basis.

The shares in affiliates recorded under **financial assets and securities** classified as fixed assets were valued at acquisition cost. Where necessary, assets are written down to their lower net realizable value on the balance sheet date if impairment is expected to be permanent.

Receivables and other assets are generally carried at their nominal value. Appropriate bad debt allowances provide for default risks attached to trade receivables.

Cash and cash equivalents (cash on hand, bank balances) were valued at nominal value.

Expenses recorded before the balance sheet date, which relate to a certain period after this date, are posted as **prepaid expenses**.

Other provisions take appropriate account of the recognizable risks and contingent liabilities. They were recognized at the settlement value deemed necessary according to prudent business judgment to cover future payment obligations.

Liabilities are recorded at their settlement amount.

Foreign currency translation

Foreign currency assets and liabilities are translated using the mean spot rate on the balance sheet date. If they had residual terms of more than one year, the realization principle (Sec. 252 (1) No. 4 Sentence 2 HGB) and the historical cost principle (Sec. 253 (1) Sentence 1 HGB) were applied.

There were no longterm receivables or liabilities denominated in foreign currencies as of the balance sheet date.

C. Notes to the balance sheet

All **Receivables and other assets** as of the balance sheet date December 31, 2022 are due within one year, similar to the balance sheet date of the previous year.
